Bonefish Mac's makes every attempt to identify ingredients that may cause an allergic reaction for those with food allergies.

However, we cannot guarantee the absence of cross contamination of potentially allergic ingredients nor the absence of any specific allergen in a particular menu item. Customers concerned with food allergies need to be aware of this risk.

\* Consuming undercooked or raw protein may be hazardous to the health of certain individuals. Please consult your doctor if unsure of your risk.

There is risk associated with consuming raw oysters. If you have chronic illness of the liver, stomach or blood or have immune disorders, you are at greater risk of serious illness from raw oysters, and should eat oysters fully cooked. If unsure of your risk, please consult a physician. Raw oysters are not available for take out.

Alcohol is used in the preparation of certain menu items. Please ask your server if you desire more details.
